EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Title:

before the word, "Trench" insert -- Semiconductor --; and

after the word "Trench" and before the word "Structure" insert -- Isolation --.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the trench structure of a semiconductor device comprising at least the details of claim 1 are not anticipated nor obvious over the prior art of record. While much of the prior art disclosed trenches with varying aspect ratios as claimed, none of the prior art disclosures teach the filling of the insulation material in the first trench and second trench as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
